It is Ernest's goal to share his success with the community that taught and guided him. At age 22 Ernest has achieved and exceeded the dreams of many. He is committed to giving back to his local community, especially the youth. He is asking us to help him share his message of hope and inspiration to all students grades K-5 in the Ware County School System.

Ernest is asking that you become a sponsor that will assist in spreading a personal message from him along with a graphic t-shirt to each student encouraging them to be champion students and citizens. Ernest credits his success to God first and required an image of him in prayer be incorporated on the official shirt designed for the parade and prep rally sponsored by the City of Waycross held March 12, 2022 at 12PM in his honor. Ernest's is aware of the opportunities our community afforded him and wants to use his notoriety and success to as a symbol of dedication to God, being a good student, hard work and commitment.
